# CATASTROPHE OVERTAKES BRITISH ARMS

## BOERS GIVE BRITISH AN AWFUL THRASHING

### GENERAL METHUEN IS TAKEN A PRISONER—SCORES OF OFFICERS AND MEN ARE KILLED AND CAPTURED—GUNS AND PROVISIONS ARE SECURED.

LONDON, March 10, 4:33 p. m.—General Methuen and four guns have been captured by General Delarey.

General Methuen was wounded in the thigh. Three British officers and 38 men were killed. Five British officers and 72 men were wounded.

One British officer and two hundred men are missing.

The fight in which General Methuen was captured occurred before dawn March 7th between Olinberg and Lichtenberg, Orange River Colony.

The British force numbered 1,200 men. The Boers captured all the British baggage. General Methuen is retained as a prisoner.

**Lord Kitchener's Dispatch.**

LONDON, March 10.—The text of Lord Kitchener's dispatch announcing the capture of General Methuen is as follows:

"PRETORIA, Saturday, 8.—I greatly regret to have to send to you bad news of Methuen. He was moving with 400 mounted men under Major Paris and 300 infantry and four guns and a pompon from Wymberg to Lychtenberg and was to meet Grenfell with 1,300 mounted men at Rovierainsfontein today. Yesterday morning, early, he was attacked by Delarey's force, between Twe-Bosch and Palmieteknill. The Boers charged on three sides.

"Five hundred and fifty men have come in at Maribegs and Kraalpan. They were pursued by the Boers four miles from the scene of the action. They report that Methuen and Paris, with the guns, baggage, etc., were captured by the Boers. Methuen, when last seen was a prisoner. I have no details of the casualties and suggest delaying publication until I can send definite news. I think this sudden revival of activity on the part of Delarey is to draw off the troops pressing De Wet."

**Methuen Wounded.**

In a second dispatch dated Sunday, March 9, Lord Kitchener says:

"Paris has come in at Kraalpan with the remainder of the men. He reports that the column was moved in two parties. One, with the ox wagons, left Twe-Bosch at 2 A. M. The other, with the mule wagons, started an hour later. Just before dawn the Boers attacked. Before reinforcements could come, the rear guard broke. In the meantime a large number of Boers galloped up on both flanks.

"These at first were covered by the flank parties, but the panic and stampede of the mules had begun and all the mule wagons with a muster of mounted men rushed past the ox wagons. All efforts to check them were unavailing. Major Paris collected forty men and occupied a position a mile in front of the ox wagons, which were then halted. After a gallant but useless defense, the enemy rushed into the ox wagons and Methuen was wounded in the thigh. Paris being surrounded, surrendered at 10 A. M. Methuen is still in the Boer camp."

**Released Major Paris.**

Then followed the number of casualties, as already cabled. The killed include Lieutenants G. R. Vening and S. T. P. W. Nesham of the Royal Artillery, who were both killed while serving their guns with shot.

As Lord Kitchener announced that Major Paris had surrendered and also that he reached Kraalpan with the remainder of the men, it may be inferred that the Boers subsequently released the Major and his companions.

**Dispatches Read.**

Lord Kitchener's dispatches announcing the disaster to General Methuen's forces were read in both the House of Lords and the House of Commons today by Lord Roberts, the Commander-in-Chief, and Mr. Broderick, the War Secretary, respectively. They both paid tributes to General Methuen, the former expressing his appreciation of Methuen's success throughout the war, declaring that his task of forcing the Boer position at Magersfontein was an almost impossible one.

## LONG OUT OF CABINET

### REPRESENTATIVE MOODY IS NAMED AS HIS SUCCESSOR.

WASHINGTON, March 10. — The third change in the Cabinet of President Roosevelt occurred today, when Secretary Long submitted his resignation in a felicitious letter, it being accepted in one equally felicitious by the President. The change was made complete by the selection of William Henry Moody of the Sixth Senatorial District of Massachusetts, as Mr. Long's successor in the Navy Department.

**Change Was Expected.**

This change has been expected for a long time. Mr. Long had intended to retire at the beginning of the late President McKinley's second term, but he consented to remain until certain lines of policy in which he was involved were more satisfactorily arranged.

Then, when President Roosevelt succeeded, though with a desire for private life—for Secretary Long will never again enter public life—a strong feeling of loyalty towards Mr. Roosevelt induced the Secretary to defer his retirement until it was convenient for the President to make a change. Recently Mr. Long has been in Massachusetts, making arrangements with his old legal connections to re-enter the practice of law, and he had his old house at Hingham put in order for his occupancy. When Mr. Long entered the Cabinet originally he was an active member of the firm of Hemingway & Long, a well-known legal firm of Boston. He always has maintained a silent connection with the concern, and will again become an active partner.

**The Resignation.**

The correspondence exchanged today is as follows:

"Navy Department, Washington, March 10th, 1902. My Dear Mr. President: Will you accept this as my final resignation of the Secretaryship of the Navy Department, to take effect on the 1st day of May, or sooner, of course, if you shall at any time so wish. It has been to me a delightful service. I leave your Cabinet, the association of which, you and its members has been so happy, with high appreciation of your administration and most cordial good wishes for its success and for you personally. Very truly yours,

"JOHN D. LONG,
"The President."

**The President's Reply.**

"White House, Washington, March 9, 1902. Mr. Dear Secretary: It is with very sincere regret that I anticipate your resignation. I shall always count it a privilege, not only to have served with you during the last six months, but to have served under you at the outset of President McKinley's administration. I have seen you in both relations, and it has never been my good fortune to be associated with any public man more single minded in his devotion to the public interest. Our relations have not been merely official, but also those of personal friendship.

"May all the good fortune you so richly deserve, attend you wherever you go. Sincerely yours,

"THEODORE ROOSEVELT.

"To the Hon. John D. Long, Secretary of the Navy."

**Moody's Selection.**

Mr. Moody's selection was the outcome of an interesting contest.

There were no less than half a dozen aspirants, but the struggle narrowed down to the two Representatives in Congress, Mr. Foss of Illinois, Chairman of the Naval Committee of the House, who had the energetic support of his western colleagues, and Mr. Moody, for whom Senator Lodge made the winning fight. It was for a time in doubt whether Moody would not be placed in some important foreign mission, rather than in the Navy Department, but he preferred to stay at home.

## MAKING WAY FOR THE SANTA FE ROAD.

### PROPERTY OWNERS PETITION COUNCIL TO GRANT FRANCHISE TO THE OAKLAND AND EAST SIDE ROAD.

The first step toward getting a franchise for letting the Santa Fe Railroad into Oakland will be taken this evening, when a petition of property owners along the proposed right of way will be presented to the Council, praying that body to grant a franchise to the Oakland & East Side Railroad Company. It is possible that an ordinance granting the franchise may also be introduced tonight, but not likely.

The petition makes no mention of the fact that the desired franchise is to facilitate the entrance of the Santa Fe into Oakland, but is a pro forma statement of the matter. It is signed by a majority of the property owners along the proposed right of way. It is as follows:

"To the Common Council of the City of Oakland—Gentlemen: Your petitioners respectfully represent, that

"Whereas; the Oakland and East Side Railroad Co., a railroad corporation organized and existing under the State of California is desirous of acquiring for itself, its successors and assigners, the right, privilege and franchise, for the term of fifty years, to construct, lay down, maintain and operate, by steam and other power, a single or double track of standard gauge, being about four (4) feet nine (9) inches gauge, along and upon the following named streets and avenues in the city of Oakland, county of Alameda, State of California, to wit:

"FIRST: Beginning at the western extremity of Yerba Buena avenue; thence easterly and along and upon said Yerba Buena avenue to the boundry line between the city of Oakland and the town of Emeryville.

"SECOND—Also beginning at a point on Adeline street where said street is intersected by the boundary line between the City of Oakland and the town of Emeryville; thence northerly and along and upon said Adeline street to Lowell street; thence turning into said Lowell street and along and upon said last named street to the boundary line between the City of Oakland and the town of Berkeley.

"Together with the right to lay and maintain all switches, crossings, slip-switches and other connections in conjunction with said track that the said railroad company, its successors and assigns may consider necessary for its proper operation; and

"WHEREAS, The granting of said rights, privilege and franchise and the construction and operation of said railroad will be a benefit to us and to our property. Now therefore, we, the undersigned, owners of property along the line of said proposed broad-gauge railroad, and owning the number of front feet of lands upon that part of said streets and avenue to be so used, hereinafter set opposite our names respectively, do hereby respectfully petition your honorable body for the passage by you of an ordinance granting such franchise to said Oakland and East Side Railroad Company, its successors and assigns. Respectfully

"The Realty Syndicate, Geo. Sterling, William Mackinnon, Geo. Sterling, Joseph A. Furtado, F. C. Havens, Myron T. Holcomb, Wm. O'Neill, Levi Carr, Catherine Wolfe (her mark), A. C. Anderson, P. Hommersten, Patrick Cahill, Mary A. Ronaldson, H. C. Knudson and others.

## ELK KILLED IN STRUGGLE

### MAN KILLER OF PIEDMONT GIVES OUT IN A FIERCE BATTLE.

The big man-killing bull elk that has been the pride and recently the terror of Piedmont Springs Park is dead. He came to his end yesterday, and this morning was carted in to Fred Becker's market on Washington street, where he was stripped of his hide and the carcass afterward sent to the bone yard.

Whether he was killed by the rough handling of the keepers or died from over exertion is a question. The story first circulated was that he had killed himself in a fit of remorse. It was said that he was killed by the kick of a horse. Another story was that he died of heart failure. Many jumped at the conclusion that he was slaughtered because he was dangerous. If he was killed at all, it appears to have been the result of accident and not design, for he had lost his horns and no effort was made to preserve the meat or even to take proper measures to preserve the hide for stuffing.

This elk was a remarkably fine specimen of his species, and was long an object of great interest at the park. He was very large and possessed a magnificent set of antlers. He was quite docile and was considered to be inoffensive till recently, when a tragic incident destroyed his reputation.

On January the 26th he suddenly and without warning, attacked a youth named Frank A. Furtado, who had been accustomed to feed and pet him, and gored the lad so terribly that he died in a few moments. Since then he has been regarded as dangerous, and has been handled with a good deal of caution. His antlers were sawed off to prevent his killing or injuring anybody else, but the harsh treatment did not improve the temper of the animal.

## ALAMEDA WOMAN FIRES TWO SHOTS AT RETREATING BURGLAR

ALAMEDA, March 10.—This morning at 4:30 o'clock Mrs. Allinger, who resides at 1538 Court street, was aroused from her sleep by the sound of some one moving about the house. She at once secured a loaded revolver and started for the front part of the house. Just as the woman neared the front door she saw the knob turn and the door began slowly to swing open. Mrs. Allinger uttered a scream which startled the intruder. The door was pulled shut with a slam and the supposed burglar ran quickly towards the street.

Mrs. Allinger, who is very plucky, threw the door open and fired two shots at the retreating figure.

Mrs. Allinger had a similar experience with a burglar about a month ago. At that time she was awakened by the burglar alarm on the front door and succeeded in getting a shot at the frightened burglar just as he was getting over the fence.

The affair of last night has been reported to the police, who are making an effort to locate the burglar.

## BERKELEY WOMAN REFUSES TO PAY A FINE AND GOES TO COUNTY JAIL

BERKELEY, March 10.—For a second time Mrs. Honorah Bentley, the wealthy West Berkeley property-owner, who is now in her 76th year, has bested the town of Berkeley and openly defied the law. Last Saturday she cheerfully and gaily was convicted in Justice of the Peace Edgar's Court of having violated the ordinance compelling property-owners to connect with the main sewer. This was her second conviction for the same offense.

Justice Edgar imposed the maximum fine of $50 this morning, with the alternative of spending fifty days in jail.

Mrs. Bentley promptly chose the latter course and immediately placed herself in the custody of the marshal. She did not seem in the least disturbed by the thought of having to spend fifty days in jail, and looked even pleased at the prospect of having the county pay her board and lodging for that length of time.

Last Saturday Mrs. Bentley testified under oath that she was worth $20,000. Those who are familiar with her affairs say that she is easily worth twice that amount.

When she was convicted before she pleaded with Justice Edgar to be permitted to withdraw $10 bail she had on deposit, and serve ten days in jail. His Honor, however, declared her bail forfeited and dismissed the case.

She also had deposited bail for her appearance this time, but was more sagacious than on the previous occasion. She placed herself in the custody of Marshal Kern before she was found guilty of having violated the ordinance and withdrew her bail money, thus circumventing Justice Edgar in the matter of the imposition and collection of a fine.

Before she was taken to the County Jail the 76-year-old offender said: "I will not pay any more fines. They will have to feed me every time they arrest me. I won't connect with the sewer no matter how many times they arrest me, and they won't get any more money out of me. It is a shame to arrest an old woman like me, but I will serve my time before I pay any more money."

Those who are familiar with the woman's mode of living say that despite her wealth that the jail food will be a real French dinner compared to the meals she has been in the habit of preparing for herself.

## OWL TRAIN IS DERAILED BUT NOBODY INJURED IN THE WRECK

BAKERSFIELD, March 10.—The "Owl" train, No. 26, south bound, was derailed this morning at 4 o'clock a mile and a half west of Tehachapi. A broken rail is given as the cause of the accident. The passengers were taken through to Los Angeles on a diner, which makes the run ordinarily between Los Angeles and Mojave. Owing to the recent heavy rain storms in that section, the wrecking crew is meeting with difficulty and traffic will be delayed by the accident in all about eight hours.

The train was running on time when the wreck occurred. The engine and forward trucks of the mail car passed over safely, but the rear trucks and four cars were derailed. It is presumed in consequence that the rail split while the train was passing over. No one was injured.

## KANSAS CITY SUSPECT NOT THE MURDERER OF NORA FULLER

KANSAS CITY, Mo., March 10.—A man arrested here last week on suspicion that he was Bennett, the supposed murderer of Nora Fuller, a San Francisco girl, proved to be a well-known Kansas City character, and was discharged.

Captain Seymour of San Francisco, who arrived here last night on the strength of a message from Chief Hayes, returned West today, declaring the suspect was not the man wanted.

Chief Hayes, realizing soon after the arrest that a mistake had been made, failed to make the matter public. "F. C. HAVENS.

Mr. Bouchard jumped from an upper story window and was about to be followed by his wife, but she failed in her attempt and perished, together with her nine children, six boys and three girls, the eldest being a boy of 14 years. Bouchard arose about 5 o'clock and lighted a fire in the kitchen and then retired again.

The accident was caused by a misunderstanding of signals.

## FREIGHT HANDLERS GO ON A STRIKE

### Ten Thousand Men May Be Involved Before the Matter Is Settled.

BOSTON, March 10.—The strike of the freight handlers of this city, which threatens to involve 10,000 men, was begun early today. The Team Drivers' Union, No. 25, embracing about 6000 men, led off. Other unions followed. The strike was precipitated by the refusal of several members of the freight handlers union to take care of merchandise carted by non-union teamsters.

There was no sign of disturbance about the freight yards during the early hours. Police details guard all approaches, but there has been no demonstration calling for their intervention.

In view of the threatening aspect of the strike, the State Board of Arbitration today placed itself in touch with all concerned in the trouble.

The members of the Board were not without hope that the opposing parties could be brought together, although the strike had come in spite of the fact that the grievances of the union had been before the Board in various forms during the past three months.

## PRINCE HENRY IS RECEIVED

### Ends His American Tour With a Reception in Philadelphia.

PHILADELPHIA, March 10.—Prince Henry of Prussia finished his American tour in this city today and for five hours was the guest of the municipality. His reception was most cordial and his welcome heartfelt.

Prince Henry arrived at 10:20 o'clock. Broad street station contained probably the largest crowd in its history, and the first appearance of the Prince as he alighted from the private car "Colombia," was the signal for an ovation which was continuous as long as the distinguished guest remained in sight of the multitudes gathered to extend a popular welcome.

The Mayor said in part:

"In welcoming you to our city, we wish to express to Your Royal Highness the gratification of our people at your visit to Philadelphia, where the Declaration of Independence was written and proclaimed, where the Constitution of the United States was promulgated and where Independence Hall still stands, a mute witness to the courage and patriotism of the men who laid the foundations of the Republic. Philadelphia is well named the City of Homes, and is distinguished in the arts and manufactures, and especially for the skill displayed in its industries. Were you to stay longer there is much here worth study. Our magnificently equipped system of public and private schools, our great colleges, our institutions of art and philanthropy, our numerous and varied manufacturing industries would, we believe, command your admiration and respect."

Prince Henry in response said:

"This is but another of the many acts of kindness that have been extended to me in this country. I assure you that I deeply appreciate it. I thank you for the freedom of the city which you have given me and for this handsome present, which I shall preserve. Again I thank you."

He then shook hands with the Mayor. From the City Hall the Prince was escorted to Independence Hall. Owing to lack of time, the stop at the "Cradle of Liberty" was very short. The Prince alighted from his carriage, and, accompanied by the Mayor, hurried through the historic building. The party is to proceed to Cramps Shipyard.

# COAST PRESS AND THE PULPIT

SAYS NEWSPAPERS HAVE FALLEN FAR SHORT OF THEIR RIGHTFUL USE.

Rev. Ernest E. Baker, pastor of the First Presbyterian Church, preached last evening on "Christianity and the Press." He said in part:

"Tonight the world is thinking and tomorrow morning you will have that thought served up to you at the breakfast table. In that end it is a powerful influence and how we, with our close relations to the world at large, could get along without it I do not understand. Surely it is an institution that has come to stay. But in the consideration of its power, we must raise the issue that is primarily decided by the journalists. To what extent the power of the institution should be exerted. I hold that the press ought not to be a reflector, but should also be a moulder of public opinion. It should not only speak the mind of the time, but it should also have the power to create public opinion and make it what it should be. Because of its influence, it should contribute to the public conscience all that is best and all that is for the right and strong. It is to the press to educate the public so high and so fearless in its stand that to register its conviction would have weight with all who read.

"The church does not see evil, report it and allow it to continue in existence. It combats that evil wherever it is found. But I have no severe criticism of the Pacific Coast press. It is inclined to be local. This fact may not be foreign to the conditions when we know that California is an empire in itself. An empire can afford to have a local press. But I also think the press of the Pacific Coast should have a world outlook. Also the press of the Eastern States have found that it pays to note the issues of the church. They do not wait until some scandal or trouble is manifest and then print that. They find the issues which are alive in the church and which make for good; they foster them and express them to the thousands who do not hear.

"I am not unjust tonight in stating the fact that the press has fallen far short of the rightful use of the power given it. It is the fault of the public as well as the publishers. Though both are much to blame.

"In looking to the future and also becoming somewhat prophetic, I believe that some man of wealth who realizes the need of conscience and character, will devote his wealth to the founding of an independent press. Free upon politics, free from the advertisements, and strong enough to give people what they need and what they would have. When it comes you will find the church has secured an ally that will be a power and a voice that will multiply the cause for good many fold. Then will the kingdom come and God will be exalted in every heart and in every land."

## JAPANESE TRIAL IS ATTRACTING ATTENTION.

The trial of M. Furukawa, who, with K. Mirogawa, is charged with hanging S. Takemato out of $50 was begun before Judge Melvin and a jury today and it promised several sensations which did not develop. First, Takemato testified that he did not know and had never seen either of the defendants and when it was shown that he had not understood the questions, Attorney A. L. Frick wanted to have Charles H. Geffney excluded from the courtroom on the ground that he was coaching the witness.

"Do you think he is a hypnotist?" asked Judge Melvin.

"No, but he can coach the witness," answered Frick.

"He can't do it in this courtroom without being seen or heard. Mr. Geffney was the interpreter at the preliminary hearing it is true, but for reasons which I know, but which it is not necessary to state, the District Attorney deemed it advisable to have another witness at the trial."

A. T. White acted as interpreter this morning. When Takemato finally understood the questions he testified that the defendants threatened him with arrest and by that means secured $50 from him.

Attorney Lin S. Church was associated with Deputy District Attorneys Walsh and Moore in the prosecution.

The jury is as follows: R. Feige, F. B. Cook, F. J. Cunha, George Meinecke, J. H. Frye, Mark Ryan, S. L. Gibbs, Jacob Baum, D. Marteenstein, D. C. Ferland, James Keller, and Emerson H. Crane.

# DEATH IN TUNE OF "LA PALOMA"

CARLOS JARAMILLIA ATTEMPTS SUICIDE AS HE HEARS THE AIR.

To the strains of La Paloma, his favorite air, Carlos Jaramillia shot himself in the chest Saturday night, and he now lies in a critical condition at the Receiving Hospital. It is feared that he will die.

Jaramillia went into the Identical Saloon at Seventh and Franklin streets about 11 o'clock Saturday night and asked the bartender to operate the graphophone upon the bar. He listened to several selections and then called for "La Paloma," which he declared was his favorite. As he heard the familiar strains, he quickly drew a revolver from his pocket, placed the muzzle just over his heart and fired.

The injured man was taken to the Receiving Hospital, where the bullet was taken from the skin over the left shoulder blade. The missile took an upward course and missed the heart, but it is feared that it may have pierced the left lung.

Despondency is supposed to have been the cause of the rash act. Jaramillia is a native of Colombia and is 25 years old. Friends of his say that he was jilted in his native country by a fair daughter of the South who used to sing "La Paloma" to him, and that the air recalled his sweetheart, and his unrequited love. He lived at 700 Broadway, San Francisco, and worked as a laborer at Piedmont.

## A BEFRIENDED TRAMP ROBS HIS BENEFACTOR.

A. C. Beers, who resides in the Ross House, has been induced to believe that philanthropy is not its own reward. Last night a stranger accosted him with a plea for assistance to get a bed. Beers took him to his own room and even shared his bed with him. This morning when Beers awoke the stranger was missing and so were Beers' watch and $10 which he had in his coat pocket.

# TRUSTEES TAKE UP FRANCHISE

QUESTION OF GRANTING THE SANTA FE PRIVILEGES TO BE BROUGHT UP.

BERKELEY, March 10.—It is expected that the matter of granting the Santa Fe Railroad a franchise through the town of Berkeley in order to permit the railroad to have a terminal in Oakland will probably come up tonight before the Town Trustees.

The matter is of such great importance that it is believed no definite action will be taken at the meeting, but will be referred to the Committee of the Whole.

It is also probable that the matter of establishing a local Health Board will come up and be favorably acted on by the Trustees. The necessity of the creation of a Health Board has been made very apparent by the recent epidemic of smallpox. The majority of the taxpayers are in favor of the innovation, despite the increased expenditure.

# FIELD DAY OF HIGH SCHOOL BOYS

Meeting is Held and State Tournament Is Fixed for April.

The officers of the Academic Athletic League of California have decided to hold the spring field day on April 5th on the Berkeley campus. The event will be under the management of a committee composed of E. B. Gould (chairman), representing Stockton High School; H. A. Clough, Oakland High School, and J. F. Sturtivant, Ukiah High School.

The interest this spring is very keen, as the honors in the last field day were won by Oakland High School, with only one point to spare.

The track on the Berkeley campus and, in fact, all the tracks that can be used by the league, do not come up to the requirements that are necessary for the holding of a perfect field day. Recognizing these shortcomings, the league, at the last meeting, decided to try and induce the Park Commissioners to build a track in the park that would be perfect. The surplus money in the treasury, amounting to $250, was given in charge of a committee composed of Rev. W. A. Brewer, (chairman), St. Mathew's School; C. D. Snyder, Santa Rosa High School; T. Vossburgh, Lowell High School, and F. M. Cattell, Anderson Academy, to be offered by them to the Park Commissioners for the use of the new track.

It has been decided to abolish all fines for non-attendance at the field-day events. Any of the schools in the league may or may not take part in the semi-annual events without being penalized.

Since the last field day Napa and Santa Clara High Schools have been taken into the league. The semi-final baseball games of the league have been shceduled for April 19th. This will necessitate the playing of the chmpionship games of the sub-league before that date. At the present time there are four sub-leagues.

President Harris has appointed the following standing committees to hold office until the annual meeting in August:

Finance—Rev. W. A. Brewer (chairman), St. Mathew's School; C. E. Laumeister, Mission High School; and T. Y. Reeves, Alameda High School.

Membership—C. D. Snyder (chairman), Santa Rosa High School; C. F. Laumeister and W. L. Potts, Palo Alto High School.

Records—H. H. Hauser (chairman), San Jose High School; E. B. Gould and George Elliott, Berkeley High School.

Baseball—George Elliott (chairman), W. L. Potts and J. Gendotti, Hitchcock School.

Swimming—H. H. Hauser (chairman), T. Vossburgh, Lowell High School, and L. Dalton, Polytechnic HighSchool, San Francisco.

Tennis—C. D. Snyder (chairman), L. D. Inskeep, Polytechnic High School, Oakland, and F. M. Cattell, Anderson Academy.

The other delegates to the league not on the committees are: Mark Strouse, Boone's University Academy; A. McNichol, California School Mechanical Arts; W. M. Luce, Healdsburg High School, and F. Dunne, Peralta Hall.

The names of the delegates from Napa and Santa Clara have not been forwarded to the secretary.

President Harris has appointed L. D. Inskeep treasurer, in place of J. F. Sturtivant, resigned.

# GRADUATE RALLY AT THE UNIVERSITY.

Alumni of the College Will Hold a Conference at Institution.

BERKELEY, March 10.—The graduates of the University are preparing to rally at Berkeley on Charter Day. The condition of affairs has materially changed at Berkeley within the past few years, the University having decidedly outgrown itself. A single class now contains more students than the whole University did a dozen years ago. And with the change in conditions new needs have arisen. It is to consider these needs and the new conditions that the proposed meeting of the alumni has been called. President Wheeler will address the alumni and there will probably be addresses by alumni members of the Board of Regents and others. Graduates will be present from all parts of the State and as the invitation is general to all, it is expected that there will be a big meeting.

# LATEST SAN FRANCISCO NEWS.

## BATTLE BY FOOTPADS

SAN FRANCISCO POLICE OFFICERS MAKE CAPTURE AFTER A HARD CHASE.

SAN FRANCISCO, March 10.—Two desperate footpads who tried to emulate the slayers of Policeman Robinson are in the City Prison, with two charges of robbery against the name of each. They are William Cole and Robert Garner.

During the running battle that resulted in the capture of the thugs, Policeman George F. Mulcahey was the target for five shots fired by the fleeing highwaymen. Mulcahey, having been relieved of his pistol, was unarmed, and it was not the fault of Cole and Garner that the brave patrolman was not slain as was Robinson.

At 2 o'clock this morning Demetrius Christian, a restaurant proprietor, was halted by two men at the corner of Bush and Powell streets and robbed of $30 and a gold watch. A few minutes later the victim reported the occurrence to Mulcahey, and the patrolman gave chase. The thugs ran slowly and were overtaken at the corner of Dupont and Bush streets. Mulcahey ordered them to halt, and the order was obeyed. As the policeman was searching Garner, the taller of the robbers, the other man suddenly exclaimed: "Hands up, or I'll blow your —— head off!" The policeman turned and looked down the barrel of a revolver. He at once complied with the demand, and Cole then took Mulcahey's pistol from him and handed it to Garner.

"Stand where you are and don't move!" was the next order, and the two highwaymen fled down Grant avenue. Mulcahey stopped only long enough to sound his police whistle, and then started in hot pursuit of the thugs. The restaurant-keeper had meanwhile taken to flight.

## GANG OF TOUGHS INVADE LODGING HOUSE.

SAN FRANCISCO, March 10. — A gang of toughs yesterday invaded a lodging house at 328 Third street, broke down the door of a room, slashed a lodger with a knife and kicked the landlady so viciously that the latter is seriously injured.

Thomas Coleman, Pat Brady and two others unknown attempted to enter the room occupied by A. Beisel and finally demolished the door with an ax. Beisel came out of the room and was attacked by Coleman, who cut him on the arm and leg with a pocket knife. Mrs. Kate Rosenberg, who conducts the house, attempted to quell the disturbance and was in turn attacked by the ruffians. Coleman kicked the woman several times in abdomen. She was taken to the Central Emergency Hospital.

Coleman and O'Brien were subsequently arrested by Policemen Wenzler and George Tracy. Coleman was charged with assault to do great bodily harm and with assault with a deadly weapon. Brady was charged with disturbing the peace.

## SCARCITY OF CRABS IN SAN FRANCISCO MARKET.

SAN FRANCISCO, March 10.—There is a great scarcity of crabs in the local market, and the fish merchants are a unit in saying that unless a law is passed prohibiting the catching of crabs under a pound and a half in weight for a period of three or four years there will be none to supply the demand.

The crab beds that have furnished the market so generously for years are depleted and only small ones of no practical value are being brought in by the fishermen. This scarcity has been apparent for some time, but a sufficient number to meet the demands has been secured at Eureka.

The Board of Supervisors of Humboldt county has passed an ordinance prohibiting the sale of or catching of crabs for a period of three months. The price has risen in consequence from $1 a dozen to $3 per dozen.

Local fish firms are anxious to have the city or the State protect the crab industry for a sufficient time to insure its stability.

## IMPORTANT DECISION IN A DIVORCE CASE.

SAN FRANCISCO, March 10.—The following was received from Honolulu today:

HONOLULU, T. H., March 3.—Judge Humphreys on Saturday rendered a decision in the divorce case against C. R. Buckland which, it is feared, invalidates a number of divorces granted here since annexation. Humphreys sustained a demurrer because the plaintiff had not resided here for two years before commencing the action. The point had never been raised here before, and it is thought that some divorces have been illegally granted in consequence. Humphreys' decision was based on a clause of the organic act which says that no divorces shall be granted in Hawaii where the applicant has not resided in the Territory for at least two years before bringing the suit.

## CITY WANTS TO RECOVER DAMAGES.

SAN FRANCISCO, March 10.—Through City Attorney Franklin K. Lane the city is endeavoring to be reimbursed for damages paid to claimants by reason of the violent acts of United States soldiers stationed at the Presidio. Congressman Julius Kahn has been asked by Mr. Lane to present a bill in the House of Representatives providing for the payment to the city of $175, the same being for damages caused by a mob of soldiers to the property of Mary Bowers at the corner of Baker and Greenwich streets. On May 31, last year, some soldiers attacked the saloon at that place and wrecked it.

Congressman Kahn has already introduced a bill to reimburse the city for moneys paid to Adolph L. Rehfeld for damages caused in a similar manner.

## BOLD ROBBERS.

SAN FRANCISCO, March 10.—A. Kratz of 1226 Howard street reported to the police late last night that he had been held up and robbed at the corner of Dolores and Market streets by two men. One of the thugs held him by the throat while the other went through his pockets and took some small change. Angered at not receiving more for their exploit, the robbers struck their victim in the face and ran away. The police have a good description of the highwaymen and hope to effect their capture.

William Staples, who lives at 1045 Market street, was the victim of a hold robbery which occurred last night at 1 Fifth street. Staples says that he was attacked in the hallway of the house, knocked down and robbed of $15 and a gold watch. Patrolman Regan and O'Connell arrested Naukins at 1 Fifth street and charged him with the crime.

## PLANTATION MEETINGS.

SAN FRANCISCO, March 10.—The following dispatch was received:

"HONOLULU, T. H., March 3.—During the past week many Hawaiian plantations have held their annual meetings. The reports of managers and other officers show general good conditions as regards crops, and the older, well established plantations have a general showing of slight improvement in the labor situation and prospects of better returns.

## HIS SENTENCE IS DEATH.

JUDGE COOK SAYS CHINESE MURDERER MUST GO TO THE GALLOWS.

SAN FRANCISCO, March 10.—Judge Cook today imposed the sentence of death on Chew Lan Ong, a Chinese highbinder, who on July 29th last, shot and instantly killed a fourteen-year-old lad named Gin Do Lung, who was heir to an estate in China.

The Chinese refused to stand trial and insisted upon pleading guilty, and the duty of acting as both judge and jury, devolved upon Judge Cook, who imposed the sentence as stated above.

## FOX AS A FIGHTER

FORMER OAKLANDER IN THE RING AT HONOLULU.

HONOLULU, March 3.—Lon Agnew, a local pugilist, and J. M. Fox, formerly of Oakland, California, engaged in a six-round contest here last Saturday.

Agnew had the best of it, Fox being in very poor condition. The fight ended in the fifth round, with a foul by Fox, who was nearly out.

(James Fox is well known in Oakland. He was a barber in the employ of Mr. Tisch under the Central Bank. For a long time he was boxing instructor at the Reliance and Acme Clubs.)

## DEATH IN THE STORM

GREAT TIDAL WAVE SWEEPS THE COAST OF MEXICO.

SAN FRANCISCO, March 10.—The Pacific Mail Company's steamer Newport, from Central American and Mexican ports this morning, brings a story of a terrible disaster between La Libertad and a point thirty miles north of Acajutla. Early in the morning of March 4th, without a moment's warning, a terrific tidal wave burst over all that length of coast, and when the Newport sailed for San Francisco fifty-three bodies had been recovered and buried. No possible estimate of the full loss of life could be made.

The wave went entirely over the barriers that had been built along the coast, swept the towns of La Libertad and Acajutla, carrying away the fresh water pumps of the latter place.

At Acajutla quite a number of children were among the missing, while in many instances the mothers also had evidently been carried away.

"There seems to have been not the slightest warning of the disaster," said the officers of the Newport. "There had been some heavy weather along the coast, but nothing that would warrant such a terrific wave. The only thing that will account for it is some terrific volcanic eruption far out at sea. The wave rolled in like a mountain and there was not a break to it until striking the beach, when it swept over the embankments, covering them to a height of four or five feet, completely inundating the whole coast and almost wiping out all the small buildings in La Libertad and Acajutla. When we left, the work of rescuing the remains had just begun, while nothing at all had been done in the way of repairing the damage except replacing the fresh water plant."

## HONOLULU REPUBLICANS.

SAN FRANCISCO, March 10.—The following was received:

"HONOLULU, T. H., March 3.—At their last meeting the Home Rule Republicans emphatically repudiated a statement given out recently by one of their leaders that they had decided to support Sam Parker for Governor. They also objected to indorsement of Secretary H. E. Cooper by Mrs. Wilcox, wife of the delegate. The party adopted resolutions on both subjects, stating its position, and will send them to Washington.

## SAYS HUSBAND HIT HER WITH A HAMMER.

Edward Lynch, who lives on Twelfth street, near Market, was up in the Police Court this morning charged with assault with a deadly weapon. His examination was set for 1:30 o'clock Wednesday. His wife, Mary Lynch, swore out a warrant charging him with assaulting her with a hammer last December. He has been away from the city and had just returned.

## STEAMER SOLD AT AUCTION.

STOCKTON, Cal., March 10.—The Union Transportation Company's steamer Dauntless, wrecked some months ago by the California Navigation and Improvement Company's steamer Mary C. Garratt, which ran into her near Kentucky Landing, was sold at auction today for $6,700, Captain Brooks being the purchaser. The steamer cost about $80,000 to build.

# SAYS A WOMAN ASSAULTED HIM

ENCINAL JUDGE GIVES AN OLD MAN SIX MONTHS IN PRISON.

ALAMEDA, March 10.—There is a warrant out for the arrest of Stella De Santos, which was preferred by Jerome Lopez, who is a lodger at the De Santos woman's lodging house.

Lopez tells a strange story. He says that the De Santos woman attacked and severely beat him to death because he remarked that he was going fishing. He claims the woman was drunk at the time she thrashed him. The woman has been arrested a great many times on various charges and she is regarded as dangerous when intoxicated.

### BOARD OF HEALTH.

ALAMEDA, March 10.—A meeting of the Board of Health will take place tonight at which time the question of regulating the number of cows to be kept within the city limits will be settled. A number of complaints have been made recently against several small dairies located in this city and it is the intention of the Board to draw up an ordinance regulating the number of cows allowed within the city.

### DAMAGED BY FIRE.

ALAMEDA, March 10.—At 3:10 this morning the home of Dr. C. C. Dennis, on the corner of Grand and Santa Clara avenues was considerably damaged by fire. The fire was caused by a defective fire place. A loss of about $1,000 was fully covered by insurance.

### FOUND A BODY.

ALAMEDA, March 10.—Yesterday D. Young, who resides on Walnut street discovered the body of a man floating in shallow water at the foot of Cedar street.

After securing the body the doctor telephoned the local branch morgue and the ghastly remains were removed to that place. The body is that of an Italian fisherman, and in all probability a victim of the recent severe storm which swept the bay. The body was dressed in a blue shirt, gray striped trousers and green half hose. The man was about six feet in height and would weigh about 160 pounds. The body was badly decomposed and the features could not be recognized.

### GIVEN SIX MONTHS.

ALAMEDA, March 10.—This morning Judge Morris sentenced J. H. Field, an old mining man to six months in the County Jail, for begging on the street. Field at one time was a very wealthy mining man, having found his wealth at Placerville, where he arrived in '49. He is a venerable appearing old man with long hair and a white beard. Of late years the old man has been drinking hard and has been a frequent visitor in the County Jail.

## GOOD LUCK COMES AT LAST TO NURSE.

Mrs. Sadie M. Jurgeman Will Now Have a Good Home of Her Own.

Mrs. Sadie M. Jungeman, who resided in this city for a number of years, and who became well known because of her courageous devotion to her invalid husband, whom she wheeled about in a chair for a number of years, has been made the recipient of a beautiful little home at Tiburon. The story of how it came about is very romantic.

The first meeting of Mrs. Jungeman and her benefactor, Benjamin F. Lyford, was when he dragged a little girl, not three ten years of age, from the range of fire of the hostile armies of the Civil War and saved her from death, and she became his assistant in the awful scenes of the hospital tent during the days of carnage that the battle waged. Then they separated, and after years they met on the shores of the Pacific and the old friendship was renewed. Dr. Lyford had acquired wealth, but his sight was gone. The girl, who then gained the distinction of being the youngest nurse in the army hospitals of the Civil War, had married and settled only a few miles from where the surgeon was practicing his healing art, and probably both would have died almost within the range of each other's voices had not a story been printed telling of the deeds of the youthful nurse on the battlefield, attracted the attention of the aged surgeon, and he soon found his child companion of the war.

## WILL WATCH ATHLETES.

BERKELEY, March 10.—The cinder track on the college grounds has been finally put in very fair shape. This will permit the athletes to train more consistently than heretofore, and it is expected that this week will witness a revival of athletic enthusiasm.

The first big event will be the meeting of the Freshmen and Sophomore teams on the 22d of the month. Trainer Christie and Manager Decoto are keeping a watchful eye out for new material. There are several promising Freshmen who, if they show an ability to improve rapidly, may make the Eastern track team.

The event in which Berkeley is considered rather weak is the 440-yard dash. New men will have plenty of opportunity to see what they can do in this event.

### Misses Klewish and Glass

## TWO VALUES.

THERE are two values to every purchase—what it costs and what it pays you. Cork costs 8 cents a pound, but if you are drowning half a mile from shore, its value would be "not what you pay for cork, but what cork saves you." When a woman buys soaps she often confuses the two values. She sees only what she pays. She overlooks what she receives. Now a single cake of Ivory Soap pays back from ten to twenty times its cost in the saving it effects. Test it yourself! Vegetable Oil Soap. Ivory white. It floats!

# NEWS OF RING AND CLUB THAT WILL PLEASE LOCAL SPORTS.

## LARGE MONEY AT THE RACETRACK

More Than $300,000 in Cash Has Already Been Paid for Stakes and Purses.

More than $300,000 in cash has been distributed since racing began here November 3d in stakes and purses by the New California Jockey Club, and a large part of that immense sum has found its way to the business houses of Oakland, Emeryville and Berkeley. Another $100,000 will go to horsemen and owners before the season closes. Of this sum Green B. Morris, the veteran trainer, gets the largest share. The total winnings of his stable up to March 6th amounted to $25,340. Since then he won the Bell stakes Saturday with Artivis, valued at $1,500 and purse with Dekoy, which raises his total to over $27,000, a tidy sum for a winter's turf campaign.

Second on the list of successful stables is the firm of Burns & Waterhouse, who have garnered to date $18,760. Caesar Young, who lives in Claremont, comes next with $17,825 to his credit and Walter B. Jennings, a resident of Emeryville, has won $14,080. Dr. H. E. Rowell, who owns a handsome residence and other property on Forty-seventh street, Emeryville, is credited with $5,370. Jimmy Coffey, another resident of Emeryville, is $6,650 ahead on the season. J. P. Atkin of Alameda has won $4,480. Others having homes in Oakland or near by have won sums ranging down to $1,000.

### Bell Cup for Haggin.

Besides the large amount of money Green B. Morris has won this winter with the Haggin horses, the beautiful Bell silver cup was added to the property of the Rancho del Paso Saturday when Artivis, bred on the great ranch near Sacramento, won the Bell stakes. Mr. L. V. Bell, the New York stock broker and financier for whom the stake was named, added to the value of the stake a beautiful silver cup, valued at $500. It was made by Shreve and required the services of two men to remove the cup and handsome oak case, silver mounted, to the San Francisco offices of the Haggin interests. Last year a gold vase was won for Haggin by one of the horses in Walter Jennings' strings.

The trophys won by the horses running in the interest of the Rancho del Paso are all shipped direct to Mr. Haggin, who lives in New York, and he takes more pride in such trophys than he does in the amount of money value of the stakes and purses.

## CHAMPION JEFF BACK FROM EAST

Local Clubs Are Preparing Some Good Programs for This Month.

Big Jim Jeffries, the heavy weight champion pugilist of the world, got as near Oakland as Port Costa yesterday, where he took the "Owl" on the Southern Pacific for his home in Los Angeles. The big fighter was met by Billy Delaney and several local sports with whom he chatted until the departure of his train. He was accompanied by his brother, Jack Jeffries, his manager, Kid Eagan, and a fine bull terrier pup, which was presented to him in New York by Homer Davenport, the cartoonist.

"Don't ask me to talk fight," said Jeff, as the crowd, which included several newspaper artists, gathered about him, "I'm going down to Los Angeles to visit my mother, and I don't want to think of anything in the fighting line until return to San Francisco to be on hand when the ads for my fight with Fitzsimmons are spelled. What will be about March 15 and will be tame enough to talk over the contest. I feel like a school boy with a new rifle and there is nothing the matter with me. Say, Billy, what do you think of my pup? I brought him out for a mascot."

Jeffries chatted in a good natured way until his train arrived and departed for Los Angeles. He said he did not let anybody know of his coming because he did not want a crowd at the station to meet him. Kid Eagan did not accompany him to Los Angeles. He came on to Oakland with Billy Delany and the rest of the sports and is now registered at the Hotel Metropole.

### Bid on the Fight.

When the articles of agreement were signed last month for the heavy weight contest between Jeffries and Fitzsimmons it was agreed then to give all the clubs desiring the match until March 15 to put in bids, the contest to go to the club offering the best inducements. Saturday the bids will be opened in the office of the San Francisco Examiner and Jeffries and his manager, Billy Delaney, will be on hand.

If the fight takes place in San Francisco, as it likely will, because the clubs there can afford to bid more than any clubs outside of New York City and also for the reason that the battle can be pulled off without police interference, it will likely be put forward a month and take place in April instead of May. The racing season there closes the latter part of April and it is figured that the turf crowd will be an important factor in the gate receipts.

### Wants Long to Fight.

The following communication reached me this morning:

"Sporting Editor Tribune—Dear Sir: Isn't it about time the Reliance Club gave Long a rest; or, if he must be furnished employement each month, that the patrons of the club be honestly given a fighter against him—not some rank amateur to secure Louie easy money at expense of the public. PATRON."

### Other Contests.

The Pinole Athletic Club has arranged a series of boxing contests to be decided at Pinole on the evening of March 19.

The main event will be a ten-round contest between Louis Long and George Curran.

Friday night the regular gentlemen's monthly boxing entertainment of the Acme Club will be given in the old Exposition building and a splendid program of scientific boxing events is advertised. Mose La Fontisse and "Young" Gibbs, the Cleveland light weight, who has performed so creditably before the local clubs, will furnish the main event and it should prove to be a rattling good contest. The men are well matched in the matter of height and weight and both have lots of ability and courage.

There will be two good preliminaries between "Cyclone" Kelly and Kid La Ville and Jack Kane and Jimmy Reilly.

## GOLF GAMES AT THE ADAMS' LINKS

Clouds and Rain Do Not Dampen the Ardor of the Players.

Threatening clouds, soggy links and large water pool hazards had no terrers for the Class "B" men players of the San Francisco and Oakland Golf Clubs, who met on the Adams Point links Saturday in the first half of their annual home and home contest. The play was over 18 holes, and Oakland won by 3 up. The slippery condition of the tees and the large pools of water that abounded at all low points made play difficult and uncertain, yet some excellent scores were made.

The most exciting struggles of the contest came out of the meeting between Arthur Goodall and Dr. T. G. McConkey, who figured in a most spectacular play and finished even up at the conclusion of both rounds. They were followed by T. Hutchins and Captain D. J. Rumsbough, who also returned even up.

With two couples unable to reach an advantage it was agreed the opening was at least worth the exertion of wading over bad grounds, and the return of J. H. Ames and W. E. Lester was watched with interest. Mr. Ames won the admiration of his club associates by bringing in a total of 10 up, and Oakland started to figure out an advantage that could not be overcome on the Presidio links next Saturday when along came P. E. Bowles Jr. and Dr. J. R. Clark with the San Francisco player winner by 8 up. Then Frank Kales fell before Leonard Chenery, 5 up, and the players from the other side were in the lead 3 up.

J. O. Cadman defeated W. H. La Boyteaux 4 up, and Dr. W. M. Carpenter won from C. F. Mullens 5 up and saved the day. The final half will be played next Saturday on the Presidio links. Following is the result of yesterday's scores:

Arthur Goodall, 0, vs. Dr. T. G. McConkey, 0; T. Hutchins, 0, vs. Capt. D. J. Rumsbough, 0; J. H. Ames, 10, vs. W. E. Lester, 0; P. E. Bowles Jr., 6, vs. Dr. J. R. Clark, 8; F. Kales, 0 vs. Leonard Chenery, 5; J. O. Cadman, 4, vs. W. H. La Boyteaux, 0; Dr. W. M. Carpenter, 5, vs. C. F. Mullins, 0; C. M. Gayley, 0, vs. W. Ames, 2; Rev. E. E. Baker, 0, vs. A. Carrigan, 1. Oakland wins by 3 up.

## BASEBALL GAMES.

McCreedie, the left fielder of the local team, arrived from the East this morning and all is ready now for Fresno. The team headed by Manager Lohman will leave tomorrow for Fresno. Buck Franks, who is in Los Angeles, will leave the Southern city at the same time and meet the boys in Fresno, Wednesday. Three exhibition games will be played before the regular season opens April 5 in Los Angeles. The first will probably be played next Sunday.

## BASKET BALL.

The final game for the Pacific Coast championship will be played tomorrow evening in the gymnasium of the Young Men's Christian Association. It will be between the San Franciscos and the Athens of this city. For the past five years the honors for the Pacific Coast have rested in Oakland, and if the Athens lose tomorrow night in the decided game the championship will cross the bay for the first time in many years. Great interest is taken in the game and the gym. is sure to see a large crowd in attendance. Following is the line-up of the two teams:

San Francisco—H. Burt, captain; Wm. Morton, J. McCloud, Fred Shaw, F. Goodrich, H. Waldyn, F. Lewis.

Athens—Walter Rode, captain; Roy Farish, John Harris, Theo Hook, J. F. Torrey, T. F. Bullock, Wm. Kurtz and J. F. Nelson.

## MRS. BADGER'S WILL STAGGERS CHIROGRAPHISTS.

Judge Ellsworth was to have studied the will of the late Mrs. Captain Badger this morning, but was unable to do so, owing to the absence of the expert whom he had allowed to enter the case for the purpose of aiding him to decipher the instrument.

The will is holographic and was written in the last illness of the decedent, when she was palsied and defective in sight. The characters and lines ramble in all directions. There are erasures, interlineations, blotches and what appear to be repetitions. Thus far, no person who has seen the instrument has been able to divine the purpose of the maker or to decipher more than a dozen words. The pages, two in number, have been enlarged so that each of them is about three feet high and two feet wide. They have also been photographed, but the characters, nevertheless, are not any more legible.

The deceased left a small estate in East Oakland, principally the part she received from the estate of her late husband, Captain Badger, an old seaman and former owner of Badger Park. The case will come up again Thursday next.

## KATHERINE FISK WILL SING IN OAKLAND.

Oakland is soon to hear a new contralto—no ordinary contralto, but one that a large part of the United States has said cannot be equaled the whole world over. This new song bird, or at least new to us of the Pacific Coast, is Katherine Fisk. She appeared jointly with Madame Nordica a few weeks ago at a song festival in St. Louis—the festival was a great success, not only because of the voice of the irresistible Nordica, but on account of the rich, wonderful tones of the contralto. Before this, Madam Fisk had completed engagements with the leading orchestras and oratorio societies of this country. Mrs. Fisk will appear in Oakland in one recital at the First Unitarian Church, next Thursday evening, March 13, and the sale of seats opens to the general public on Wednesday. For subscribers the selection of seats is open on Monday.

## PATIENTS TREATED AT RECEIVING HOSPITAL.

R. F. Knight, a machinist residing at 543 Twenty-second street, had a big cinder removed from his eye at the Receiving Hospital by Warden Page.

John Cordoza, who resides at 1002 East Twenty-second street, had injuries to his fingers dressed at the Receiving Hospital by Dr. Hyde. The injuries were sustained by the falling on the members of a heavy timber at the Puget Sound Lumber Yard.

## LITIGATING OVER A DYEING TRADEMARK.

F. Thomas, owner of the Parisian Dyeing and Cleaning Works, has brought suit for an order perpetually restraining F. Cediei from using the words, "Latest Parisian Dyeing and Cleaning Works." Cediei owns a rival establishment and Thomas claims that he is pirating the latter's trademark.

## DIED OF APOPLEXY.

John William Lucas, who resided at Peralta avenue and Galindo street, died yesterday of apoplexy. The deceased was 53 years of age. He leaves a wife, Henrietta and a brother, Walter E., and sisters, Charlotte E. and Kate L. Lucas. The deceased was a member of California Lodge No. 1, F. and A. M., and also Golden Wave Chapter No. 103, O. E. S. of San Leandro.

## TALKS ABOUT THE RETURN OF CHRIST

Rev. C. R. Brown Delivers an Interesting Sermon at the First Church.

Rev. Charles R. Brown, pastor of the First Congregational Church, preached yesterday morning before a large congregation upon "What Christ Said About His Coming Again." Mr. Brown said that the second coming of the Messiah was not considered by the large majority of the people. As a rule, it was taken as altogether too visionary and too far off by all except the fanatical followers of Dowie or of Miller. Nevertheless there was much that was of great good in the consideration of the event.

"Because the second coming was spoken of no less than three hundred times in the New Testament," said Mr. Brown, "it seems that we should consider the matter more deeply than we do." The speaker then reviewed the mention made of the facts in the Bible and said in conclusion:

"We cannot build a dogma with any certainty of its progressive stability for the future. I know that several people will be disappointed in this, for they like to feel that God has given us a symbol that foretells the future and the coming of Christ. I know this, for in my college days it was all mapped out for me on the blackboard. The first resurrection, the second resurrection and then a thousand years of the demain of Christ. And after Christ—Satan, until after swaying back and forth the soul was liberated to that noble life that we believe exists in heaven.

"But it has not pleased God to reveal to us the program of the future. The Jews had a vague but strongly rooted conviction that the Messiah would come, but they believed that He would not come as he did, but with great glory and gold. When He did come, witness how few people knew Him and came to love Him. They expected a Messiah. They knew that He would come, but God had not revealed to them how it would be. What was true in the time of the Mosaic Jews will be true of us. His coming has not been revealed. To us Christ is not to come, but has already come. Wherever Christ has found life in the breast of a human being, He is. It was a second coming of Christ when the Moors were driven from Spain, when the Armada was wrecked on the coast of England, and when Abraham Lincoln held the nation together and made us as brothers black and white. These were the conquests for Christ, and should be Christ's victory in South Africa, where the Boers are struggling against the English, who fail to recognize the same power that has made them a great nation."

Healthy Mind in a Healthy Body

Stomach and brain affect each other. A sick stomach sours the disposition and prevents sleep and brain rest, and a sick brain sours the stomach and clogs the bowels. Men of sedentary habits, brain workers who don't get much exercise, have sick stomachs and bowels, and wear out their brains and nerves.

"I work in the office and don't get as much exercise as I should, and when I feel bad I just take a Cascaret which always makes me feel alright."
—J. E. Rohan, Q. & C. Route, Crescent, Ky.

"I had a torpid liver for months. I bought a box of Cascarets in Washington and have not only been put in perfect health, but have gained considerable in weight."
—Harry Hodgson, Rockville, Md.

"Cascarets were the only medicine I had with me when I beat the world's record as 'Champion Corn Husker of America,' husking 270 bushels in 10 hours."
—E. E. Kimberlin, La Harpe, Ill.

"Some time ago, while I was in Millersburg, Pa., Mr. Freck, the landlord, was afflicted with severe pains in the stomach. I insisted upon his taking a Cascaret before going to bed and next morning he passed 6 in. of a tape-worm. He bought a box of Cascarets and a tape-worm 45 feet long came from him head and all."
—Chas. E. Condon, Mifflinburg, Pa.

"Cascarets cured me radically of dyspepsia and headache and my weight which before was 120 is now 150 lbs."—S. Navarro, Biloxi, Miss.

"I find Cascarets beneficial after a spell of hard work, clearing the brain as well as the bowels, and also working off colds in good shape."—E. C. Stokes, Philadelphia, Pa.

A man who keeps his bowels regular with Cascarets Candy Cathartic, that is without strain or violence, can keep strong and healthy without much exercise. A famous professor in Jefferson Medical College used to advise his students: "Trust in God and keep your bowels open!" That's God's own wisdom, for when the boweis are regular and the digestion strong and healthy, then the system is safe and the brain and nerves will have inexhaustible elasticity and life.

## A SHAMEFUL ASSAULT.

Last Saturday the Enquirer printed an article which was intended to reflect on Emil Nusbaumer, but which was in reality an attack on the Supreme Court and the Superior Court of Alameda. It was wanton, malicious and absolutely without justification. The direct allegations amount to nothing, but the inuendoes and covert insinuations are charged with malignancy and evil intent. In order to strike at Judge Nusbaumer, the integrity of the Supreme Court is covertly questioned.

This precious effusion was inspired by the decision of the Supreme Court finally disposing of the suit brought by Robert Simpson against Robert Dalziel, which was an outgrowth of a previous action brought by Simpson against the Macdonough estate. In it can be discerned the fine Italian hand of Robert Y. Hayne, who has a grievance against the Supreme Court, because that body has turned him down very hard several times of late. Knowing the Enquirer's bitter hostility toward Judge Nusbaumer, Hayne has made use of it to vent his spleen on the Supreme Court, the pretext being too slight, to even excite passing notice.

The courts have vindicated Judge Nusbaumer's acts in every particular. In the Superior Court, the Supreme Court Commission, the Supreme Court in department and the Supreme Court in banc all decided that Simpson was wrong and that Judge Nusbaumer, who was an incidental party to the suit, was free from reproach. Hayne himself wrote the opinion of the Supreme Court Commission deciding against Simpson, he being at that time a Commissioner. The opinion was affirmed by the Supreme Court in department, with the trifling exception that Judge Nusbaumer was referred to as plaintiff's attorney instead of by name. The Supreme Court in bank reaffirmed this decision.

The omission of Judge Nusbaumer's name from the decision has caused the Enquirer to break out into startling head lines and a lot of pustular matter indicative of its bad blood and running sore of malice. Throughout the entire litigation that paper made every reference to the case an excuse for pouring out its bile on Nusbaumer. It became a violent attorney on the other side, and now that the Supreme Court has knocked the whole business on the head, it assails the integrity of that body by insinuating that Nusbaumer's name was omitted from the decision from some improper motive. Furtive malignity could scarcely go farther—or get much lower.

---

Senator Mason of Illinois calls Governor Yates of that State "a Governorette." It is unnecessary for Governor Yates to say what Mason is. A man who "touts" in the United States Senate for a cheap brand of champagne, champions oleomargarine and lends his Senatorial frank out to the Chinese Minister to print and circulate at Government expense documents intended to influence legislation in Congress, is too shabby a fellow to bandy words with. A lion can very properly refuse to do battle with a skunk.

## LET THE FACTS SPEAK.

Whatever inquiry may be necessary in respect to the army trasport service should be conducted fairly and honestly, and with due regard for the good of the service. It should not be made a matter of politics or persons. Above all, it should not be permitted to degenerate into a dragnet search for campaign material. The War Department has made a thorough investigation through the Inspector General's office, and it is fair to presume that the Secretary of War has dealt with the matter as the facts seem to warrant. Secretary Root is noted for his keenness, vigor and integrity, and above all for his uncompromising independence. Without doubt the facts elicited by the inquiry through regular War Department channels have been laid before the President, and that he has sanctioned the course pursued in the matter. If Congress should decide to call for the reports made by officers of the Inspector-General's department the documents will speak for themselves. The assumption that there has been something wrong beyond the ordinary mistakes that are made in handling a complex business of such large dimensions, with so many details, and that the Secretary of War deliberately suppressed the facts and protected the offenders is utterly unwarranted. Blunders and incompetent subordinates are incident to every hastily organized large concern like the transport service. It was created from nothing to meet an unexpected exigency, but with all that it will compare favorably in cost and efficiency with the best afforded by the long organized establishments of Europe.

## PAY OF LETTER CARRIERS.

As a matter of justice to a faithful class of Government employes Congress should pass the bill now before the House increasing the pay of letter carriers. They are the hardest worked and poorest paid class in the national service. Their compensation compared with the qualifications and duties exacted of them is so inadequate that it would be ridiculous if it were not pathetic.

The letter carrier is required to be sober, intelligent, honest, active and well behaved; he must pass an examination and serve an apprenticeship, and after he gets his job must work hard rain or shine for a maximum of $1,000 a year—far less than any ordinary mechanic earns. When he enters the service he goes on the substitute list at $100 a year, taking the place of regular carriers and delivering special delivery letters. His earnings will not average a dollar a day. After serving several years as a substitute, he is promoted to the regular list at a salary of $600 for the first year, $800 for the second and $1,000 for the third. Then increase of pay and promotion cease.

The new bill proposes to create a new grade of promotion at $1,200 a year, based on length of service. It should require no persuasion to induce Congress to do so simple an act of justice.

Dr. Tisdale, physician of the County Jail, reported that he had rendered 314 services to prisoners in that institution during February. Filed.

BUILDING TRADES.

The following communication was read:

"Building Trades Council of Alameda County, Oakland, March 1, 1902.—To the Honorable Board of Supervisors of Alameda County—Gentlemen: At a regular meeting of the Building Trades Council the following resolutions were adopted:

"Whereas, It having come to our knowledge through the public press that your honorable body had in contemplation putting the prisoners in the Alameda County Jail to work repairing the roads of the county, and realizing such to be unwise, in placing prison or contract labor in competition with free American labor, and that it has ever been the aim of the Building Trades Council not alone to elevate and upbuild the workingmen connected with that body, but for all workingmen in general, and having the interests of the people of Alameda county; therefore, be it

"Resolved, That the Building Trades Council of Alameda county, in body assembled, do earnestly protest against any such action being taken, believing the best interests of the taxpayers of Alameda county would be subserved by employing such free American citizens to work on said work, who, in your wise judgment may be deemed capable to be employed; and be it further

"Resolved, That a copy of these resolutions be sent to the Honorable Board of Supervisors of Alameda county and a copy spread on the minutes of the Building Trades Council.

"T. C. BOEHMER.

"Secretary B. T. C. of Alameda Co."

On motion of Supervisor Talcott, the communication was received and filed.

LIQUOR LICENSES.

Liquor licenses were granted to Gallus Schmidt, Niles Canyon; Martin Cavanaugh, Niles; George McDonald, San Leandro road, near Highland avenue.

The applicattions for a saloon license of R. Miller of Elmhurst and P. H. Nielson of Hopkins street were returned because the wrong blank was used.

Adjourned.

# THOUGHT PHYSICIANS WERE PURSUING HIM.

W. R. Davis, a porter employed by the Southern Pacific Company, attempted to commit suicide Saturday night by cutting his throat. His reason for the act was that doctors were pursuing him to dissect him and he desired to defeat them.

He will be charged with insanity, as soon as he sufficiently recovers. This is Davis second attempt at suicide.

## AN INDIAN WOMAN PLACED ON TRIAL.

Antonio Santa, an Indian woman charged with assault to commit murder, is on trial before Judge Ogden and a jury today. During a row at the True ranch near Pleasanton last October, the woman stabbed Eduardo Almico with a butcher knife. Jealousy is supposed to be the cause of the assault.

The prosecution is conducted by Deputy District Attorneys Samuels and Harris, while Attorneys Scott and Ennis represent the defense.

The following jury was secured to try the case: Julius Zabel, Frank M. Donohue, William Austin, J. C. Walling, Owen Feeney, Benjamin D. Gray, Daniel McGlone, C. H. Spaulding, C. A. Broad, J. B. McChesney, J. M. Creed and W. H. Blake.

## BROKE BOTH WRISTS.

B. F. Truott, proprietor of a lodging house at 11 East street, San Francisco, broke both wrists yesterday while attempting to board the ferry at the Oakland mole. He was late in reaching the mole, and when he arrived the deckhands had begun to raise the apron from the slip. This did not deter him from trying to board the boat. He jumped from it and landed on his hands, snapping both wrists like pipe stems. He was brought over to San Francisco and taken to the Harbor Hospital where the fractures where reduced.

# RAILROAD NEWS GATHERED AT THE WEST OAKLAND YARDS.

## Business Has Been Improving During the Past Weeks.

Business in general at the West Oakland yard has been improving for the last two weeks. The winter season is merging into spring and a corresponding increase in the volume of business done is noticeable.

The Australian lumber trade, which was discontinued during the early part of the winter season, has been resumed. It will require several weeks, however, before the traffic will have reached the proportions of last year's trade. This is owning to inaccessibility of the saw mills during the winter. When things are in full swing, it is estimated that the Australian trade will amount to several millions, whereas last year's trade started off with a very light business.

The feature of trade during the next sixty days will be the arrival of the fleet of sugar ships plying between this port and Honolulu. The new crop in Hawaii has been exceptionally large this year, and the trade is expected to surpass all years in the history of the sugar trade.

Aside from the features of lumber and sugar, the business has been heavy, but of a very general nature. Merchandise to the extent of seventy-five cars daily passes through the yards. At this time of year the showing is remarkable, and denotes the country at large is enjoying a great deal of prosperity.

Preparations to handle the season's traffic are being daily made and the congestion of traffic of last year will not, in all probability, be repeated this year.

### EXCURSION TO RUN TWICE EVERY WEEK.

The excursion train, which has been making weekly trips around the bay from San Francisco to Los Gatos, will hereafter make two trips a week.

The train among the railroad men is known as the "wishbone special," owing to the peculiar route it takes. It resembles very much the bony part of the chicken, so anxiously desired by those who believe in wishes.

### STEAM SHOVEL AT TIDAL CANAL UPSETS.

The recent storm caused the ground on which the giant steam shovel rests at the Tidal canal to become soft, and as a result the huge shovel tumbled over. As a result the work of filling in behind the machine shops has been temporarily suspended and the men laid off.

The shovel will be righted immediately and the work of excavating and filling in resumed.

### NEW MACHINERY TO BE INSTALLED.

There will be two additions to the machine shops shortly which will greatly facilitate the repair work being done in the shops. The new machinery will consist of a new driver wheel press and a double ended axle lathe, which will turn out tinder and engine axles. The machine will be of the latest pattern and will do away with the necessity of sending to the Sacramento shops for this work.

The new driver wheel press is expected to arrive daily from the East, and will be one of the most imoprtant pieces of machinery installed in the shops for many months. It will make it possible to repair an engine in every particular at the West Oakland yards, without sending away for assistance.

### NEW OIL TANKS TO BE ERECTED.

The Southern Pacific Company will shortly let contracts for the construction of three new oil tanks, with a capacity of 35,000 barrels each. These, with the one already completed, will give the company a storage capacity at the yards of 5,500,000 gallons or an equivalent of 135,000 tons of coal.

The tank already completed is about half full of oil and is supplying locomotives with fuel.

The oil plant at Tracy is nearly completed and will soon be ready to use.

### WITH SCOTCH GRAYS ONCE, NOW A BOER ADVOCATE.

Engineer Al Phipps, the hero of the Evans and Sontagg hold-up near Fresno several years ago, is an ardent advocate of the Boer cause, and has talked seriously of leaving his position with Southern Pacific Company and joining forces with the little Republic.

An element which lends interest to Phipps' advocacy of the Boer cause is the fact that he once served the British Empire, belonging to the famous regiment, the Scotch Grays. This is the regiment which lost so many men recently in an engagement with the Boers. The engagement was one of the fiercest fought on South African soil and was one of the most disastrous battles in which the English have been engaged.

Phipps attended the pro-Boer meetings held by the Transvaal delegates in this city and was inspired by the words of General Snyman and other speakers.

### RAILROAD MEN ARE REWARDED BY COMPANY.

The Southern Pacific Company has rewarded ten brave men who, at the imminent risk of their lives prevented the destruction of much property by putting out a fire in a car where two tanks of naptha were stored.

Each of the men received a monetary reward amounting to $25 and have all been placed on the record bulletin.

The names of the men thus honored are: W. F. Luzzadder, engineer; R. Bonner, fireman; O. Allen, switch engine engineer; L. Cody, fireman; L. S. Hackett, night yard master; A. H. Flourney, foreman; G. F. Gather, yardmaster; S. V. McKinney, yardmaster; W. Clarkson, night watchman.

### COLLIER WASHTENAW SUSTAINS SEVERE INJURY.

The big steam collier Washtenaw, while on her way to Port Costa last week, struck what is known as the hidden rock, near the Twin Sisters, and stove in her ribs. The damage will amount to $50,000.

The steamer has been put on the dry dock and will be repaired. She was leaking badly as a result of her accident. It will be six weeks before the Washtenaw is ready for the sea.

### LAURA MADSEN HAS A ROUGH PASSAGE.

The Laura Madsen crossed the bar last Friday while the storm was at its height and sstained severe injuries. The waves broke continuously over her upper structure, carrying a portion of the cabins away. The men at the wheel were swept away from their positions and it was with the utmost difficulty that the ship was navigated.

The captain, two mates and three men were hurled against the railing while attempting to steady the wheel and were seriously injured.

### INTERESTING BREVITIES FROM LONG WHARF.

The sugar ships Andrew Welsh and O. B. Bryan have finished discharging.

The ship W. B. Flint is now working.

The Olympic, one of the ships engaged in the sugar trade, is causing considerable comment among those connected with that business at Long Wharf. In classifying the ship there is a dispute as to whether the vessel should be called bark or barkentine.

The Olympic is a four masted vessel with two masts square rigged and two masts schooner rigged. She is the only boat afloat which is rigged in this manner and it is a puzzle to mariners as to the name she ought to be known by.

The ship Crowder has arrived from Antwerp with a cargo of coke, pig iron and glass.

The bark Chiltonford has finished discharging coal.

The steamer Aztec has finished discharging coal for the company.

The steamer Marathon has taken on a cargo of lumber for Australia.

The barkentine Northwest is discharging lumber.

The Marie Malinos has finished discharging coal and has gone to Port Costa.

### PERSONAL MENTION OF THE RAILROAD MEN.

Dr. J. P. Dunn, the recently appointed Southern Pacific physician, has impressed the railroad boys very favorably. His ability and courtesy are recognized and appreciated by the boys and they have taken special pains to tell of their impressions.

United States Weigher D. A. Lawler has been appointed to superintend the weighing at the West Oakland yards on behalf of the Government. He succeeds Weigher Jones, who was recently in charge.

J. J. Fuller is laying off on account of the serious illness of a near relative.

Oil Expert Fred Smith is temporarily disabled with a bad foot. A few days ago he stepped on a rusty nail, and since then has been compelled to treat his foot. There have been no symptoms of blood poisoning.

Machinist C. A. Spitzen is laying off with an injured hand which was caught in the machinery of the emery wheel.

J. H. Bunting, the former brakeman, but now an oil magnate, left for Fresno last night in his private car El Freda.

Car Inspector J. E. Jory was a visitor at the yards this week.

The General Manager of the Union Pacific arrived in Oakland yesterday in his private car U. P. 04.

M. R. Madsen of the Car Repairing Department has resigned his position with the company, and will engage in the express business for himself.

John Green of the ice plant has resigned his position to go to Montana to accept a position with the Montana Union.

C. J. Flagg, the stencil artist of the Southern Pacific Company, has returned after an extended trip over the division on the company's business.

Machinist Joseph Priel was called East suddenly by the death of his father in the State of Nebraska.

Niles Searles of the machine shops is at present at Westley superintending the installation of a water plant.

James Yhost of the machine shops left yesterday for a business trip to Sacramento.

Patsy Conway of the machine shops has resigned his position with the company.

Otto Anderson has been transferred from the back shops to the drill press.

Harry Cummings, formerly an employe of the railroad shops, paid the boys a visit last week, and incidentally sold several tickets for an automobile, which is to be given to the man holding the winning ticket in the raffle.

Engine 1618 was ditched Friday owing to the track sinking.

Two sleepers jumped the track Saturday on the pier and delayed traffic for several hours.

The new passenger cars have arrived from the East and are fitted up very handsomely. The Southern Pacific Company now has one of the most elegantly equipped overland trains in America.

Long Wharf is being repaired at the place where the Berkeley collided with it. The damage extended over a distance of 250 feet. It is said that the Berkeley would have broken through the pier entirely had she remained next the piles all night.

Traffic on Long Wharf has been resumed.

## SUED FOR DIVORCE REASON DESERTS HIM

Brooding over the fact that his wife desires to divorce him has dethroned the reason of John J. Sebrey, according to the statements of his relatives. He was taken into custody by the police yesterday and he will be returned to the Stockton Insane Asylum, from which institution he was released last December.

When Sebrey returned from Stockton his wife refused to live with him, fearing that his insanity would return. He went to live with his mother at Fifth and Poplar streets, and soon afterward Mrs. Sebrey brought suit for divorce. The young man brooded over this fact until his insanity returned and recently he became violent, threatening injury to his mother. Yesterday he was locked up on complaint of his father, Frank Sebrey, who lives with another son at Fifth and Magnolia streets. The elder Sebreys have been divorced for several years.

### NEW MELTER AND REFINER AT THE MINT.

SAN FRANCISCO, March 10.—Telegrams from Washington received yesterday by Frank A. Leach, superintendent of the United States Mint in this city, announce that Senators Perkins and Bard have recommended the appointment of Charles M. Gorham, melter and refiner, to fill the vacancy caused by the death of Alex Martin. This recommendation settles a controversy. The compensation attached to the position is $3,000 per year. The appointment is really a promotion, as Gorham held the office of assistant coiner at a salary of $2,000 per annum. He went into the Mint many years ago, when Senator Sargent and Frank Page were in a position to bestow Federal patronage in California. He is a brother of George C. Gorham, who figured conspicuously in the early political contests of this State, and who was defeated for Governor by H. H. Haight, and subsequently chosen secretary of the United States Senate.

# STRANGE STORIES COME FROM NILES

## Old Fashioned Revival Services Are Being Conducted in the Country.

NILES, Mich., March 10.—Rev. W. S. Tracy has been conducting services at Salem Evangelical Church, a few miles south of her. Old-fashioned religious zeal, shouts of joy, etc., have characterized the meetings. One hundred persons were converted, several of whom claimed to have had visions of the hereafter, but the chief case which Rev. Mr. Tracy submits in all earnestness, is that of Myrtle Doimer, who, shortly after having been converted, passed into a trance. She was removed to her home and remained in a death-like stuper for thirty hours. She says:

"While in this trance I saw both heaven and hades. My vision first revealed to me Christ sitting upon the throne in all his splendor, clad in white and wearing a crown of supreme brilliancy. Long rows of crowns were at his side, and he said: 'Come unto me.'

"Next my vision led me to another place in striking contrast with the first. It was Satan and his people, and they were writhing in a lake of fire. All was dark and gloomy; the inhabitants were screaming and begging for mercy, but Satan only smiled in derision at their sufferings. The black spirit said to me, 'Follow me,' but I returned to Christ, who instructed me to 'Go, tell the world.'"

Tracy maintains that the maid's revelation was in realty a vision of the heavenly kingdom.

### SHE IS NOT GUILTY.

Miss M. Burrows of Bay Annex School, who was one of two teachers accused by Mr. and Mrs. John A. Whitney of 825 Sixtieth street with having unduly punished their son George, aged 13 years, has explained her part in the affair to the Whitneys and Superintendent McClymonds. Miss Burrows stated that she had only lightly tapped the boy's face to induce him to look her in the face while she was trying to advise him to treat his teacher with respect. Mr. and Mrs. Whitney have yet to hear the explanation of Mrs. E. Hawkins, whom their boy accuses of punishing him severely, though not his teacher.

# RAINS DELAY PRACTICE GAMES

## STANFORD AND BERKELEY BASEBALL SCHEDULE TO BE CHANGED.

BERKELEY, March 10.—The game of baseball between the Stanford and Olympic teams was declared off owing to the rain of last Saturday afternoon. The game between the U. C. team and the Santa Clara nine, which was to have been played on the Stanford diamond, was also declared off.

The rain has been so persistent in interfering with the practice games of the Varsity nine that Trainer Christie has lost faith in weather prophets. Thus far in the season, with the intercollegiate games with Stanford only four weeks away, there have only been two practice games played and two innings of another. Much regret exists among the University baseball enthusiasts over the condition of affairs, but the philosophically inclined are taking some comfort from the fact that Stanford is not favored by the weather to any greater extent than the Varsity nine.

In fact the rainy weather is apt to prove more of a hardship to the Cardinal team than to the Berkeley boys. The Varisty nine as it is made up this year represents veteran players, who have already mastered the all important feature of team work.

The Stanford team is composed of new material. The rain and the lack of preliminary games, the Berkeley men argue, will militate against Stanford much more heavily than Berkeley. The Cardinal nine, while composed of good individual players, will not have sufficient time to master the finer points of team work, it is believed, and this will be in the favor of the Berkeley boys.

The rainy season is, however, nearly over, and it is not likely that the four weeks preceding the intercollegiate games will be spent as has the last four weeks. The players should be able to line up for practice and become conditioned before the championship games are begun.

One of the interesting features the baseball card will have to offer at the college campus within a fortnight is two practice games with the professional ball tossers of San Francisco, under Manager Harris. The dates of the games have not been definitely fixed.

# AH WAH NEE TRIBE GIVES A BANQUET

FRUITVALE, March 10.—Ah Wah Nee Tribe, No. 86, of Fruitvale gave a "Dutch Banquet" Friday evening. The affair opened with the initiation of several new members, J. Greenway, first mate of the ferry boat Berkeley, being among the victims. Following the initiation exercises came the banquet. It consisted of the regulation German dishes and beer. The occasion was one which will long be remembered by all the members as one of the most interesting affairs in the history of the Tribe.

# Defective Digestion

## Is Responsible for Many Dangerous Diseases—A Vigorous Stomach is the Great Natural Safeguard.

Few people seem to be aware of the dangers of weak, defective and disordered digestion. Health reports do not give it as a cause of death because some other disease sets in to work destructive changes, only made possible by the imperfect digestion, and the death is credited to them.

Typhoid fever is credited with many deaths, yet were digestion always perfect there would be no typhoid fever. Doctors call typhoid "enteric," meaning bowel fever. It is due to a germ that in food or drink is swallowed. It reaches the bowel only by way of the stomach. It cannot live in the secretions of a vigorous stomach. Normal gastric juice would destroy and digest it. If the stomach is weak and inactive disease germs may succeed in passing on into the bowel, in the secretions of which they thrive and we suffer from the diseases that they engender. Thus a good digestion is a great safeguard against disease by destroying dangerous germs that in food and water enter the body through the stomach.

Consumption is credited with nearly one-sixth of the deaths of adult persons. No account is made in the mortality reports of the fact that the "chronic starvation" due to dyspepsia had so weakened the half-fed tissues and reduced their vital force and power of resistance as to predispose to the ravages of consumption.

Fevers due to toxines or ptomaines developed in the body from putrefactive changes in rotting, half-digested food are credited with many deaths. No thought seems to be given to the fact that dyspepsia was the real cause. People do not seem to realize that imperfectly digested food putrifies, decomposes, ferments and develops peculiar poisons that are absorbed into the blood causing dangerous fevers, poisoning tissues and overtaxing those organs that have to eliminate it.

Many other facts can be cited along this line, but enough has been said to convince thoughtful people that the discomfort or actual distress occasioned by dyspepsia is of little consequence compared with the actual dangers to which it exposes one.

Every organ and tissue of the body depends on the stomach for nourishment and renewal that will prepare it to perform satisfactorily its function and resist disease.

A strong digestion means good rich blood; good blood means a strong, well-nourished body, capable of resisting disease.

Dyspepsia or indigestion is a common complaint. There is hardly a disease that is not attended with or complicated by impaired digestion. Dr. Abernathy, a noted English physician, once said: "Nine-tenths of all diseases come from the stomach." There are many cases of ill health of which imperfect digestion is the unsuspected cause. Often the prominent symptoms of dyspepsia, as gastric goneness, feeling of weight in the stomach, digestive discord or gastro-intestinal turmoil, bloating or distention of the stomach, belching of wind, sour or watery risings, vomiting after food, etc., are lacking; but there are other symptoms not usually attributed to dyspepsia. There may be headaches, sleeplessness, generally "played-out" feelings, nervousness and depression, oppression about the heart, loss of flesh, a run-down condition hard to account for; and many vague, ill-defined or obscure symptoms that are really due to defective digestion

There are many remedies on the market for impaired or perverted digestion but none are so economical, so safe, so effective, so popular as Stuart's Dyspepsia Tablets. Whether the dyspepsia is of long standing or is merely a case of temporary indigestion, they give prompt and pronounced relief. Their continued use will cure all forms of digestive inefficiency.

By promoting perfect digestion Stuart's Dyspepsia Tablets produce strong nerves, refreshing sleep, pure blood, sound and healthy flesh; make the skin clear, the eyes bright, the mind cheerful. They give vigor and vitality to tissues and functions that enable them to resist all manner of disease. Germs and microbes swallowed in food and drink are destroyed by the gastric juice and thus many diseases are prevented. No portions of food escape digestion to rot in the bowel below and generate toxines and ptomaines that will poison the blood and tissues and menace life.

Stuarts's Dyspepsia Tablets are easily and cheaply obtained. They are for sale at all drug stores at 50 cents a box.

Send to F. A. Stuart Co., Marshall, Mich., for their book on stomach diseases. It is free; a postal card will bring it.

# ORCHARDS ARE ALL IN BLOSSOM

## FARMERS OF HAYWARDS FEAR FROST MAY INJURE CROPS.

HAYWARDS, March 10.—The late heavy rains and occasional sunny days have brought the blossoms out on a great many fruit and nut trees. Between this place and San Leandro several large orchards of apricots are all in bloom, while the almond trees of the entire district are laden with blossoms. Although the trees are in no particular danger, a frost at this time would destroy nearly all this season's crop of fruit of the orchards in bloom. The present cold weather is also disastrous to a certain degree. The ranchers are hoping that the weather will clear off. Several weeks of warm weather would do the orchards an endless amount of good. There are also a number of early peach trees in blossom.

The early pea crop which so many ranchers in this district have planted is doing well. The vines have reached a good height and will soon be in blossom. These early peas bring in about the best returns of any vegetable, and between here and San Leandro great patches of land has been planted to them.

### FORESTERS DANCE.

Wednesday night the Foresters' Band will give a dance at Native Sons' Hall. The event will be the second annual ball given by the band and there is promise of a large attendance.

The coming event promises to equal any entertainment given by the band. Several committees have been working for some time and report every thing to be in readiness. The hall will be tastefully decorated for the occasion.

### BOYS' CHOIR ENTERTAIN.

The members of the boys' choir of the First Presbyterian Church were recently at the home of C. M. Buck, where a party was given in honor of Harry Buck, it being the occasion of his fourteenth birthday anniversary. A most enjoyable afternoon was spent by the young people. Miss Annie Gray entertained the boys with piano selections while Mr. Buck played the corner.

Those present were: Harry Buck, Walter Ramage, Stanley Ramage, Johnny Simons, Robert and Harry Drew, George Kretsinger, Charles Gamble, Emile Neudeck, George Assmussen, Walter Smiley, Jerome Gray, Nelson Stafford, Percy Webster, Geo. Oakes Jr., Harold Axtel, Harold Mansfield.

### U. P. C. C. TO DANCE.

On Saturday evening, April 5th, Ashland Council, U. P. E. C., will give a dance at the Native Sons' Hall in Haywards. The dance will be the first event of the year given by Ashland Council. A large number of U. P. E. C's. from San Leandro are expected to be present.

### PASTOR WILL RESIGN.

### PERSONAL NOTES.

Frank Morris, who formerly resided in Haywards but late of San Ramon, has sold his business in the latter town and will make his home in Haywards in the future.

# ROBBERS ARE AT WORK.

## THREE PLACES WERE ENTERED BY THE THIEVES LAST EVENING.

The police are investigating three peculiar robberies committed during last night.

A. C. Beers, who resides at the Ross House, reports that early last evening a fairly well dressed young man applied to him on the street for money wherewith to pay for a night's lodging. He was so favorably impressed with the stranger's demeanor that he allowed him to share his room with him. This morning the stranger was missing, as was also Beer's gold watch and chain, besides $10 in cash.

Frank Dehut, who recently arrived here from Nebraska with his wife, who is not expected to live, reported this morning that either he was robbed of or had lost $52 in greenbacks and gold which he had concealed in an inside pocket of his coat. It was all the wealth he had in the world, and this morning, at his home at 517 Ninth street, he found that the lining of his coat had been ripped open and the money gone. He is at total loss to know what to do to provide for his sick wife. He is out of work and a stranger. He brought his wife to California on the recommendation of Nebraska physicians, who told him that she could not live in any but the California climate.

A burglar was surprised by several Japanese residing at 756 Castro street, last night. The burglar was seen to leave the house with a pair of stolen overalls belonging to one Takanishi, containing $70 in gold. The Japs pursued the burglar several blocks, and finally so closely overtook him that he dropped the stolen garment, together with the money, and disappeared in the darkness.

# HORACE DAVIS FOR CABINET MATERIAL

WASHINGTON, March 10.—Among the men who are prominently mentioned as being likely to get into President Roosevelt's Cabinet the name of Horace Davis of San Francisco has been placed at the top of the list among the California possibilities, as has been mentioned in these dispatches before.

The President wants to find a good man from California for future Cabinet material, and he has discussed with his political friends every prominent Californian. In this discussion the names of many men have been dropped as being impossible from the President's standpoint, while the name of Mr. Davis is still regarded with considerable favor.

# A HOT TIME IN JUSTICE COURT

## Colored Lawyers Have a Lively Row Over Seven Dollars.

This morning Tom Pearson and W. J. Oglesby, the only colored attorneys in Alameda County, had a verbal set-to in Justice Quinn's Court.

"I want to show up the villany of this man Oglesby," said Pearson, in a well modulated voice. "He has tried to defraud this woman out of $7." The woman in question, Cornelia Hall, sat nodding acquiescence to Pearson's remarks. "Yes, sah; yes sah. He did that Mr. Judge," she exclaimed.

"Will you please refrain from talking," shouted Judge Quinn.

"That yar man lies," screamed Oglesby, fairly jumping with rage.

"Shut up!" cried the Judge through the noise, "or I'll have to clear the courtroom."

When the uproar had subsided somewhat Pearson stepped up to where Oglesby was sitting and remarked, "Out of respect for this Court, Mr. Oglesby, I refrain from chastising you, but if I had you down on the sidewalk ——." The rest was left for Oglesby to fill in.

"You would not, sah, and your Honor I insist that this is spite work on the part of that colored man. He is a miserable man, sah, a miserable man." Oglesby then insisted upon wringing the Judge's hand to show that there was no ill-feeling.

The cause of all the trouble was a suit brought by Cornelia Hall against Oglesby to secure $7, which she alleges she paid to him over a year ago for the filing of a suit he did not file.

There being so much bitter feeling in the court-room the Judge decided to take the matter under advisement and render judgment tomorrow morning. If the truth was known the Judge was somewhat alarmed over the possible result of his judgment either way in the question. At several times during the trial he suspected the possibility of razors being introduced in the case.

# SUIT AGAINST KELSO TO RECOVER $25,000

John Center of San Francisco has brought suit against John Kelso, a well known contractor, to recover $25,000 on a promissory note, secured by a mortgage on real estate situated at the northeast corner of Fourteenth and Jefferson streets.

## RURAL DELIVERY CAUSE OF DEBATE.

### Loud Wants a Fair Salary Paid to Carriers in the Country.

WASHINGTON, March 10.—The House went into Committee of the Whole and the bill to classify the rural free delivery service and place the carriers under the contract system was read for amendment under the five minute rule.

Mr. Swanson of Virginia offered an amendment providing for salaries for carriers at not exceeding $800 per annum and an added provision that "no other or further allowance or salary shall be made to said carriers."

Mr. Loud, in charge of the bill, intimated that this amendment had been instigated by some one at the Postoffice Department.

Mr. Swanson denied this.

Mr. Cannon, chairman of the Appropriations Committee aroused a burst of applause when he declared that in his opinion carriers could not furnish their equipment (horse, wagon, etc.) and cover twenty-five miles a day and give an efficient service for $600. Possibly carriers might be able to piece out their salaries by doing an express business. He predicted that if the salaries of carriers were fixed at $600, Congress would be compelled to increase it to $1,000 unless the Postoffice Department made regulations which would permit the carriers to secure the additional $400 by doing an express business.

After some further debate, Mr. Swanson's amendment was adopted without division.

Mr. Cannon then moved to increase the amount of the maximum salary from $800 to $1,000 but his motion was lost, 35 to 107.

# WILL SEND COLUMBIA

## PIERPONT MORGAN WILLING TO RACE BOAT ON OTHER SIDE OF OCEAN.

NEW YORK, March 10.—The statement was published here today that J. Pierpont Morgan, at the reception given to Prince Henry at the New York Yacht Club last night, said he would immediately put the Columbia in commission and send her across the ocean to race any yacht on the other side. Mr. Morgan, after reading the published statement, said: "That article does not correctly quote me. What I did say was that if there was any one over there that wanted to race the Columbia, I would send her over."

Mr. Morgan declined to discuss the possibility of the cup winner going abroad or on what conditions he would allow her to race against a foreign yacht.

# WOMAN SAYS HER NAME WAS FORCED

Charges that her name had been forged to an assignment of her interest in the $60,000 estate of the late John C. Wille by Caroline Schutter of San Rafael, came before Judge Ellsworth in the Probate Court this afternoon.

The matter before the court was the distribution of the Wille estate. When it was brought up, Attorney Button declared that Mrs. Schutter had never made the assignement of $250 to a Mrs. Caroline Wells, but that her name had been forged to the document. Mrs. Schutter has a one-third interest in the estate.

Judge Ellsworth continued the entire matter until Friday.

# NEW RAILROAD

LOS ANGELES, March 10.—Articles of incorporation have been filed for the Imperial and Gulf Railroad, with a capital of $700,000. The proposed line is to be thirty miles long, extending from Imperial Junction, a station on the Southern Pacific in San Diego county, to the Imperial settlement. The objective point is the head of the Gulf of California. The officers of the new company are: W. F. Holt, president and general manager; F. C. Paulin, vice-president; A. H. Heber, treasurer.

The company proposes to construct branch lines from Imperial, aggregating about seventy miles of road within the county.

## LOSES MONEY NEEDED BY A SICK WIFE.

Frank De Hutt is a firm believer in the sentiment that troubles never come singly. He resides at 517 Ninth street, has a sick wife on his hands and not a dollar in his pocket. His sorrow is all the more poignant because he has just finished a transcontinental journey for the purpose of saving the life of his wife. He was formerly a resident of Nebraska. He was told that if he valued the life of his wife he would have to take her away from the wintry blasts and the piercing cold of Nebraska. He took the doctor's advice and came to the equable climate of Oakland.

Last night he went on a walk for recreation and returned to his home a more sorry and poorer man. Fifty-two dollars in greenbacks, which he had in a purse in an inside pocket of his coat, worked their way through a hole in the pocket and dropped to the sidewalk without attracting his attention. He retraced his steps in the hope that he might find the missing treasure, but in vain.

He has reported his misfortune to the police and Chief Hodgkins hopes that the money has come into the possession of a man or woman who is conscientious enough to return it to the owner.

## GARIN DENIES THAT HE BUNCOED PARKER.

Paul V. Garin, who, with J. A. Munro, was sued by F. W. Browning as administrator of the estate of J. M. Parker, deceased, has filed an answer in which he makes a general denial to the allegations of the complaint.

Browning sued to recover personal property, valued at $1,300, which he alleged Parker had been induced to assign to Garin when he was ill and his understanding imperfect.

## SEVEN YEAR SENTENCE FOR BERT OLIVER.

Superior Judge Melvin this afternoon sentenced Bert G. Oliver to serve two years in San Quentin for burglary in the second degree, to which the young man pleaded guilty.

## DRINK WRECKS ANOTHER HOME.

The romantic marriage on the high seas of John J. Bruten and pretty Jessie M. Law, seven years ago, was recalled today when Attorney Gano G. Kennedy, on behalf of the wife, filed a suit for divorce on the ground of desertion.

The couple were married by the captain of the steamer Santa Rosa on the trip to Southern California. Braten was then employed as a glazier by Whittier, Fuller & Company in Oakland. His fondness for liquor, however, caused him to lose his position and a year ago he left Oakland, leaving his wife with two children to support.

Braten is now supposed to be in Santa Clara county without money and only occassional work.

## DEATH OF W. A. MATHEWS.

William A. Mathews, whose home is at the corner of East Twelfth street and Second avenue, died this morning at 1206 Market street, San Francisco. The deceased was 19 years of age and a native of this State. He was the general agent of the North American Accident Insurance Company. The remains have been brought to this city. The date of the funeral has not yet been decided upon.

## TERRILL WILL FILED.

The will of the late Willard W. Terrill has been filed for probate. The estate is valued at $28,000. Forty acres of land in Kern county are left to a son, Willard Terrill, and the residue goes to the widow, Alice W. Terrill.

## APPRAISMENTS IN PROBATE.

The estate of the late James E. Hall has been appraised at $515.

Peter Towey, Edson C. Merritt and John Keegan have been appointed to appraise the estate of Joseph Carroll, a minor.

## NEGRO WAS LYNCHED.

## THEY TALKED WITH PRESIDENT ROOSEVELT.

### Chairman Payne Has Something to Say to the Chief Executive.

WASHINGTON, March 10.—Chairman Payne of the Ways and Means Committee and Representative Grosvenor also of that Committee were among the President's callers today. Although both maintained great reserve, it was known that the Cuban reciprocity situation was discussed. It was stated that no special meeting was at present in contemplation, and that the President continued to maintain the position for reciprocity he had taken in his annual message. Mr. Payne's associates in the contest expressed the belief that the reciprocity plan would prevail in some form. In this connection there were intimations that the Senate might take up the question by adding a Cuban amendment to the war revenue or some other pending bill.

## MONEY FOR EXHIBITS.

# AMUSEMENTS FOR THE WEEK

## MME. NEVADA AND BLANCHE WALSH AT THE MACDONOUGH THEATER.

Mme. Emma Nevada, our petite American nightingale, was pleasantly reminded of old times while crossing the ocean. During the voyage a gentleman who had made a fortune in the Rockies and in the Sierras by mining, startled Mme. Nevada by telling her that he had heard her sing on her first appearance in public. She had not been long in the world when she first made her appearnce in the character in which she afterwards became so famous. This was at the age of three, when she sang at a public concert in Virginia City, Nevada. The tiny singer was placed on a table in the center of the platform and with the National banner wrapped around her, sang the "Star Spangled Banner," to the huge delight of her audience. It was the fashion in those days to throw money at successful artists, and a rain of gold pieces rattled around the clever child, who enjoyed the fun of picking them up; and when her hands could hold no more, sat down on the stage and taking off her shoe filled that too. This concert took place while her father, Dr. Wixom, and she were resting for a few days, prior to making a long and dangerous journey across the country with an emigrant train. Two days before they started news was received that a party of emigrants had been attacked by the Indians and the entire party massacred. Nothing daunted, however, Dr. Wixom and his train started out and arrived at their destination, Austin, Nevada, in safety. She will be at the Macdonough tomorrow night.

EMMA NEVADA.

### BLANCHE WALSH.

Those who have seen Blanche Walsh in the character of "Janice Meredith" are said to be surprised at the versatility shown by this artist, who of late years has been identified almost exclusively with the heaviest sort of dramatic roles. As the light and frivolous Janice Miss Walsh is said to be quite a revelation to those admirers who have supposed her capable only of intense, tragic representations. At Macdonough Theater Friday and Saturday, March 14 and 15.

### AT THE CIRCUS.

There is more of the hurrah and more of the circus feature about Norris & Rowe's Big Trained Animals Shows this year than ever before, in fact their magnificent street parade this forenoon with all the bright and handsome wagons, cages, chariots, etc., dummy clown band, elephants, camels, lions, seals, and a host of other interesting features was as fine a display as was ever witnessed here with a circus. The show is always a good one; but this year it is not only better but a great deal beeter. The list of tricks performed by the animals is so varied that one is in doubt which species is really the missing link when it comes to intelligence, for each gives an exhibition that seemes better than that of the others.

The circus will open tonight and continue for three days.

### THE DEWEY.

At the Dewey Theater, this evening, the first performance of the great play, "Under Two Flags," will be given. The cast will include the entire company and, at the same time, a number of special performers who have been especially engaged for this production. The play is one of the best that was ever produced in this country. It abounds in interesting and thrilling situations, the force and beauty of which have been recognized in the East, where Blanche Bates achieved distinction in the role of Cigarette. The play will run all through the week.

### PECK'S BROADWAY.

At Peck's Broadway Theater, tonight, there will be the first presentation of a fine program which Manager Peck says is the best which he has thus far presented. In it will be a number of new moving pictures which have come to be a sterling feature and an attraction at this house. The performers on the bill are high up in their respective lines and every one of them will be received with a warmth which will impel them to their greatest efforts. The bill will run all through the week.

### ROSENWASSER'S.

The week at Rosenwasser's Vaudeville House will open tonight with a magnificent program, which will include the following excellent specialists: Miss Hattie Savage, the soubrette and coon shouter; Miss Alma Ferris, the popular local dancer; Beaverly and Danvers, who will introduce the farce of "The Kissing Bug"; La Mar, comedian and dancer; Barney Bennett, who sings original songs and coins original gags; Giulio Rosetti, who will render a number of illustrated songs. There will also be a number of new moving pictures.

# OLD RATES WILL BE RESTORED.

## COMMUTATION TICKETS ARE PROMISED TO THE PEOPLE OF ELMHURST.

ELMHURST, March 10.—A communication recently received by Rev. E. E. Clark of Elmhurst from F. C. Havens of the Realty Syndicate has greatly encouraged the people of Elmhurst in the belief that within a short time the old rates will be renewed and commutation tickets again sold by the street railroad company. The letter received by Rev. Clark, who, as a member of a committee appointed to communicate with the railroad people, had forwarded a communication to the directors of the Realty Syndicate, was as follows:

"San Francisco, March 6, 1902.

"Rev. E. E. Clark, Elmhurst, Alameda County, California—Dear Sir: Yours of January 21st was held for consideration at a meeting of the directors, which awaited the arrival of Mr. Heron, then in the East, where sickness has detained him.

"At the time the rates were changed, it was believed that the community at large would favor same. In this we have been disappointed, as not one person in Elmhurst, San Leandro or Haywards has spoken or written commendatory of our action. We may therefore conclude that the change was, and still is, unpopular, and we have been recently informed that it was made to further our real estate interests at the expense of the towns mentioned. I now think that if a few of your prominent citizens, together with a number from San Leandro, will sign and forward a petition requesting the Oakland, San Leandro and Haywards Railway Company to re-establish both ordinary and commutation tickets as they existed previous to the change, such a request would meet with favorable consideration. It should, however, be sent without delay. Very truly yours,

"F. C. HAVENS."

Immediately upon receiving this communication, the following petition was drawn up and is now being signed:

"To the Directors of the O. S. L. & H. Railway Company:—We, the undersigned citizens and residents of Elmhurst and San Leandro, because of the hardships caused by the withdrawal of the commutation rates from your road, do respectfully request you, the Directors of the O. S. L. & H. Electrical Railway Company, to restore the same to the patrons of the road."

In this place the petition was signed by all to whom it was presented while in San Leandro it has not met with such good fortune. The people of that place, although they wish the commutation rates restored, do not care to have the regular fare raised to the former figure. Nevertheless, the petition will soon contain the required number of names and will be forwarded to the directors of the road.

### OAKLAND BANK MAKES A BID FOR BONDS.

EUREKA, March 10.—The $115,000 worth of school and sewer bonds recently advertised for by this city received three bids, as follows: Bank of Eureka, $117,050, premium, $2,050; E. H. Rollins & Sons, Boston, $119,312.50, premium, $4,312.50; Oakland Bank of Savings, Oakland, $118,910, premium, $3,910. The City Council accepted the last bid. E. H. Rollins & Sons have had a representative in this city for several days investigating the financial condition of Eureka and future prospects. Their bid was the highest, but failure to comply with the advertisement and specifying certain changes in the denomination of bonds, lost this company the purchase.

It is estimated that fully $200,000 will be expended in this city this year in the way of improving its sewer system and the construction of schoolhouses.

### POLICE COURT.

March 10.—Gus Hombeck, drunk, $6 or three days; John Scollard, drunk, bail forfeited; Thomas Pilcher, drunk, $6 or three days; Chris Hardin, drunk, $6 or three days; John H. Oaks, drunk, $6 or three days; Johanna Keefe, drunk, $6 or three days; same, vulgar language, continued to March 11; F. E. Gleason, drunk and vulgar language, continued to March 11; Edward Healey, battery, stricken from calendar; Charles Appledorn, disturbing the peace, continued to March 11; Emil Herde, disturbing the peace, continued to March 11; Francis Nelson, vagrancy, continued to March 11; Ed Lynch, assault with a deadly weapon, examination set for March 13; John Wright and Charles Robbee, train jumping, dismissed; Charles Torrance and John Hussell, sleeping in box car, $6 or three days for each; H. C. Colver, drunk, $20 or thirty days; same, exposure, dismissed; Henry Ghnot, petit larceny, continued to March 11.

**B**—You select the locality. We buy the lot.

**C**—Plan the house yourself if you like.

**D**—Hire your own contractor if you wish.

**E**—Or do the work yourself if you can. We will pay the bill.

**F**—We will trust you over 16 years **WITHOUT INTEREST.**

**H**—We issue house or ranch contracts of $1000 each. Take as many as you like. They are $3.00 each.

**I**—They mature in consecutive order. Price before maturity $2.50 monthly on each contract. After maturity $5.50 monthly for $1000.

**J**—THIS IS LESS THAN RENT.

**K**—THREE DOLLARS ($3) A CONTRACT IS ALL YOU PAY DOWN.

**L**—The poorest man or woman can do business with us and get a home of their own for less than they are paying for rent.

**M**—All persons who pay room rent can own a home of their own for less money than they are paying for "lodging."

**N**—Cut down your liquor or tobacco bill and buy a home. Sixty-six ($66) dollars a year will buy a $1000 house or lot.

**O**—Paying Rent never gets you a home.

**P**—Mortgages are lifted on the same plan without a cent of interest to you.

**Q**—Co-operation is the thing that does it.

**R**—We have a Reserve Fund out of which money is taken to pay dues for people sick or out of work.

**U**—We charge you 40 cents a month on each contract. That is all we get—all the law allows us.

**V**—Every $5.50 you pay buys you $5 worth of "Home." You are simply lending **HOME MONEY** to yourself—you get it all in time and the landlord gets nothing.

**W**—Moral: **BE YOUR OWN LANDLORD.**

**X**—Building homes on the Co-operative plan is a revolution of home-seekers against high rents and high interest. It *will* do away with all mortgages on homes and ranches and factories.

**Y**—The purpose of the **PACIFIC HOME CO-OPERATIVE COMPANY** is to combine all home-seekers into one compact body—a solid phalanx of home lovers against those twin oppressors High rents and High interest.

# TELLS OF AMERICA'S MOST POPULAR SIN

## Rev. J. H. Vosburgh Says That Swearing Is Now Very Prevalent.

"America's Most Popular Sin" was the subject of the sermon delivered at the First Baptist Church last night by Rev. J. H. Vosburg. He said in part:

"Irreverence, especially in the acute sense that is exemplified by profanity is America's most popular sin. Other sins may be more deadly, for example, drunkenness, but irreverence is our most popular sin, in that it is most widely diffused, and receives the least disapprobation. Many people who were never intoxicated are thoroughly irreverent.

"Irreverence is a sin that may ultimately produce more disastrous material results than drunkenness. It eats the heart out of integrity and heroism, and so prepares the way for general material deterioration. We are more chiefly concerned with irreverence as an alarming spiritual defect that deprives life of its noblest possibilities.

"That irreverence is widely diffused hardly needs demonstration. Profanity is so general that it rarely excites unfavorable comment. All functions of life and business are performed to the music of oaths. The story is told that an American who was traveling in Russia was mistaken for a clergyman because it was observed that he did not swear."

# WILL CELEBRATE ST. PATRICK'S DAY
